### **Abstract**

This and file shows the basic format for a Quarto notebook using the ‘apaquarto’ extension, which provides a template for APA style manuscripts. The YAML header includes some properties that will be commonly used, but there are many more options. The body of the notebook includes markdown text and code chunks, and references can be included using a BibTeX file. When the document is rendered, the output will be rendered in APA style.

*Keywords:* quarto, tutorials, R language

**That-s-a-BigAss-Chicken**

Chickens are pretty great (Elkhoraibi et al., 2014; Fischer & Milburn, 2019; Schindler, n.d.).
